## IMPACTING LIVES IN KENYA

V2N1 Jan-Feb 2021

### Vulnerable Teenage Girls and Women in Kenya

Kenyan Culture and Traditional practices have for a long time been among the barriers to success of girls and women. These practices have denied many women Education because early marriages, sexual assault and child pregnancies. Over time these have reduced somewhat but, ensuring needy girls and women access to essential resources continues. Among challenges faced by teenage girls is the lack of sanitary towels. This creates fear and disgrace when one is certain of not affording a packet of sanitary towels. They are forced to use small pieces of clothes. This makes the teenage girl to stay away from school for not less than four days every month or to completely drop out of school. Many are at risk of infections. FLMK is endeavoring to support a large number of teenage girls providing sanitary towels and undergarments. Also, we offer teachings which guide them on how to take care of themselves. The girls we are working with are a blessing because through their commitment to education, they inspire us a lot to continue helping them. Despite these and many other challenges, each one of them is determined to succeed.

FLMK is also working to support vulnerable women in the society. There are the widows, others from abusive marriages and those who are disabled. We help through counseling to create a safe society where women can live free from violence. We also offer care and advice to those victims of gender-based violence. They are also encouraged to access resources and opportunities that will enable them sustain their families. Widows who own small farms are encouraged to grow food crops and begin a small business. Occasionally, FLMK is able to distribute food to them and the orphans. This is to ensure that they feel accepted and loved and that they are not alone. During the meetings we distribute soaps and other washing detergents to these women helping them save money for other needs such as food. We urge those concerned to acknowledge our women and girls by offering support.

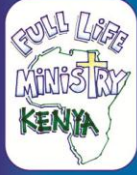

### TRIUMPHANT GRACE ACADEMY

We ended 2020 with 96 children from pre-school to grade four. We began with 42 children in 2015 and the number has risen but, without enough resources and facilities to meet the demand. Many parents cannot afford school fees for their children however little it is in Public or Private schools. Dealing with the government and Covid 19 has slowed the purchase of land to build. We have the land funds and funds for 3 of our 6 required classrooms. (\$5,200 per/room) In our present facilities, not having enough classrooms has forced us to divide

classes using thin paneling to create extra rooms. Children as well as the teachers are distracted because of the voices from the other rooms. They need better classes in an environment that is free from noise. Additional furniture is needed also, since one desk is shared by four to five children. We ask if this touches your heart to offer support so these children can have at least what they need.

(Each 2 Child Desk is \$35)

## FUTURE AND ONGOING MINISTRY VISION

We continue with our Discipleship Training in all of our churches and we graduated 48 just before the end of 2020. Please pray since others are ready, we just need to make the logistic part of our program come together.

We have received some funds to treat a few of the 14 family homes for jiggers we spoke of in December. We trust that before the end of February...all will be treated.

It only costs \$18 to treat a home.

We continue to minister to those who lack basic needs. We would ask you also to pray and consider helping with the ongoing issue of our girls and women. Any amount \$15 or \$25 or \$100 will enable us to continue to minister to them.

Thank you... each of you who help support these people in Kenya. Our trust and supply is in Christ who uses people like you to enable our labors.

Our website [fulllifeministrykenya.com](http://fulllifeministrykenya.com) provides our mission, who we are and our history with pictures and videos from our beginning in 2014.

FLMK is a 501c3 organization in the USA
