## **IMPACTING LIVES IN KENYA**

V2N10 Dec 2021

### **SAMARIA FELLOWSHIP – FULL LIFE MINISTRY MANYATTA WORSHIP CENTRE**

This is among the four home fellowships; Jerusalem, Samaria, Judea and Bethlehem formed in the headquarter of Full Life Ministry. They were formed with an aim of ensuring that the church reaches each and every member and that in case of an emergency, help could be offered at an individual level.

Samaria fellowship is led by Deputy Bishop's wife, Mrs. Rosemary Nthenya. She is aggressive, hardworking and devoted to serving. This fellowship consists of people from very humble backgrounds. Our meetings take place in members houses randomly on Wednesday evenings for two hours. Some of the activities that take place during this

function is having a small service together, praying for the sick and doing a follow-up on new members.

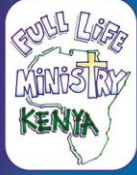

Sometimes the fellowship takes the initiative to do house to house evangelism in their areas of jurisdiction. This over a period of time has enabled many people to receive salvation and know Jesus Christ at a personal level. It has also contributed tremendously to the growth of the church since these new members are introduced to FLMK. Challenges faced by this fellowship include lack of finances to facilitate transportation to the different homes each week. Some members must come from far and are very poor. For some the 20-50 shillings (about 20-50 cents) piki-piki(mortorbike) is not possible. We are praying that God makes a way for us to reach many through our fellowship.

### **TRUIMPHANT GRACE ACADEMY**

TGA aims to keep children in school to bring hope to very needy and vulnerable children around it. It aims to offer free porridge, free healthcare services, free tuition and school materials to educate these precious children. So far, we have managed to offer porridge but as time goes by, we pray that God will provide a way to provide a lunch meal. The school does receive some learning materials from an outside source occasionally and we bless the Lord for that.

Our children are progressing well health-wise and in education. Parents and guardians honestly appreciate the good work done by TGA. Besides the good progression around the school, we still have emerging challenges with our children.
