## **IMPACTING LIVES IN KENYA**

V2N3 APRIL 2021

### **Gavalagi - Full Life Ministry Kenya**

FLMK Gavalagi Worship Centre is located in a place called Vihiga, within Vihiga County, Kenya. This young church began just about one and half years ago. Pastor Patrick Ingaywa and his Wife Jane Ingaywa were sent there to begin this work by our Headquarters both who were born-again, disciple & mentored within our Manyatta Church. And they have been a blessing to the Gavalagi village.

The church is located in a place where most people believe in traditions which have driven many challenges for the Ministry. At the end of March they now have a total of 10 consistent members and we are praying that God will continue to increase their small congregation. One challenge they have is lack of a permanent place of worship. Presently, they fellowship in rented building. The building also serves as a business since it is beside a road which limits times of fellowship and bible study. In the meantime, they

are praying that God will provide a way for them to secure a building of their own. For this particular church to grow, Headquarter leadership is pursuing the needed funds to facilitate crusades, outreach and seminars within the area of influence of the church. We believe those labors will expand the people they will be ministering to and help many in the surrounding area.

### **Triumphant Grace Academy**

It is three months already after schools opened and so far, TGA is progressing on well. The danger from Covid 19 according to the government is still a big challenge. Our children, teachers and parents have gained knowledge on how to best protect themselves and we have lost no one thus far... we bless the Lord for this.

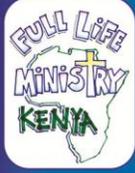

Bryton Ochieng 'is among the children who study in TGA. He lives with his grandmother. He has a

mother who left for city life and the family has no clue on her whereabouts. He was born out of wedlock and because his father was a relative to the mother, the boy has been considered as an outcast by many in the villages. He has been going through many challenges such as lack of food, clothes and shoes. He joined school so late that he is the oldest in his class. Besides the challenges faced, he has a skin condition that looks abnormal mostly on his legs. He has been in and out of hospitals, but due to lack of finances he can't access good medical care. Some of the doctors have concluded that he could be suffering from skin cancer but it has not been made clear

if that is the problem. We are praying for him and make an appeal to that someone would fund his need of addition proper medical care.

## **FUTURE AND ONGOING MINISTRY VISION**

The Gavalagi Church truly needs their own building to worship, fellowship and have classes in. We are asking God to lay this need upon someone who could support their need. They could secure their own rental building for \$40/mo. less than \$500 for the year to be able to use it every day.

Bryton receives a small support for his TGA needs, but his special medical needs are far beyond that. If this is something that touches your heart, \$400 would allow him to be transported to an appropriate facility that could bring much needed relief to his condition.

Last month I also brought to your attention some big needs for our School TGA. Our trust and supply is in Christ who uses people like you to enable our labors.

Thank you for your prayer support and interceding for our children and the labors God has called us to.

Our website [fulllifeministrykenya.com](http://fulllifeministrykenya.com) provides our mission, who we are and our history with pictures and videos from our beginning in 2014.

FLMK is a 501c3 organization in the USA
