## IMPACTING LIVES IN KENYA

V2N4 May 2021

### FULL LIFE MINISTRY KENYA – IGUNGA BRANCH

Growth of a church is not only measured by the number of people who attend it, but by quality. This is through relationships among believers and nurture given to them to facilitate

growth in the likeness of our Lord Jesus. Responsible leaders who are ready to serve willingly are a necessity.

This is the case with Full Life Ministry Worship Centre at Igunga. The church is headed by Pastor Samson Swadi and his wife Mary Swadi. They are a blessing

and they serve wholeheartedly, ensuring that they propel the church towards

growth.

Beside the growth experienced by the church, there are challenges they face too. Recently their church was carried away by strong winds that passed across their area. The church building is a temporal structure made from old iron sheets and could not withstand the strength of the wind. It can hold a capacity of 100 members and attendance at the moment is approximately 90 members. Due to lack of sufficient space, Sunday school children study outside the building. They worked together to raise money to facilitate repairs.

They managed to raise money that only helped repair the roof. The church does not have a piece of land on which they can construct their own church. They are on a rented piece of land of which the owners keep disturbing them. They are in need of 10,000-15,000 dollars to purchase the land. We in Kenya are making an appeal to well wishers to support us in prayer and financial support to help this particular church grow.

They are in need of 10,000-15,000 dollars to purchase the land. We in Kenya are making an appeal to well wishers to support us in prayer and financial support to help this particular church grow.

### TRUIMPHANT GRACE ACADEMY

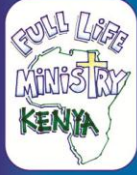

Every child out there looks up to someone for a better life. However, there are thousands of families in Kenya who are poverty stricken and can't fully provide basic

needs for their children. Nearly all the children in TGA come from such families and some of them can't even afford a pair of full school uniform, shoes and socks. Let's take a look at how many of them can afford shoes.

Unlike old days, nowadays all schools have made it mandatory for all school children to put on shoes. This has forced parents to use all means to ensure that their children put on something on their feet. This could either be through buying them sandals or bathroom slippers, others are given oversize or too small shoes and others who their parents can't fully

afford something are forced to walk to school bare-footed. It is challenging when a parent who works for a dollar only per day stands to choose between providing food and buying shoes for their children. Walking bare-feet is dangerous considering the fact that some of these children use dusty roads that are full of sticks, rusted nails and dangerous insects. This has also contributed to several cases of jigger-infection among these children. With your prayers and support we believe that we can help them get a pair of proper shoes. We therefore call out to anyone who can offer help to please do. (Written by Getrude Kabei)

## **FUTURE AND ONGOING MINISTRY VISION**

We are raising the money for future land for our Igunga Church. We have had one supporter pledge \$1,000 so we are on our way. If this is upon your heart to help, please do so.

Good school shoes which will last a good 9 months can be bought for \$25 a pair. Please pray for this need of our children and if you desire please contribute what you can.

Thank you... each of you who help support these people in Kenya. Our trust and supply is in Christ who uses people like you to enable our labors.

Our website [fulllifeministrykenya.com](http://fulllifeministrykenya.com) provides our mission, who we are and our history with pictures and videos from our beginning in 2014.

FLMK is a 501c3 organization in the USA
