## **IMPACTING LIVES IN KENYA**

V2N6 July 2021

### **MALAVA FELLOWSHIP – FULL LIFE MINISTRY**

This fellowship is located in Western Kenya at a place called Malava. It is still a small fellowship under mentorship from the Headquarter. The area is poverty stricken and most families still stay in grass- thatched houses. Most of them continue to be deeply rooted in their culture and traditions. Full Life Ministry Kenya together with other churches are sharing some light.

The church is headed by Pastor John Cheto and his wife Hellen Cheto. They are devoted servants of God and they pastor a congregation of about 12 members. Despite the fact that they are determined to grow, they have some challenges that they are facing. They do not own a piece of land so they fellowship in a rented house. This does not give them much freedom to worship because they have to be mindful of the neighbors around. The room is small creating need for a bigger place to encourage growth and also create room for bigger things to take place. We therefore are praying that God makes a way in which we will be able to purchase a piece of land and also build them a permanent church.

### **TRUIMPHANT GRACE ACADEMY**

Poverty seems overwhelming in Africa. It is more than lack of money but rather seen as lack of a normal, better life that impacts a person's well-being. TGA is not an exception because it contains children who not only lack money to help them fund their education but also lack basic needs such as food, proper shelter, clothing and even school necessities.

Bronex Aregani and Emmanuel Nyawachi, Grade One and lower primary class respectively, are among these children. They are siblings and live with their parents who are not working. They come from a very humble background. Sometimes poverty can affect people in a way that they end up looking like they have a mental problem. These children look like a special case and their performance in school work is poor. We therefore make an appeal to well-wishers out there to offer help so as to help this family.
