## **IMPACTING LIVES IN KENYA**

V3N1 Jan 2022

### **PASTORS' WIVES CONFERENCE**

We hold our national meetings after every 5 months in an arranged church. We currently have 9 churches in 5 counties in the country and we rotate from church to church. Apart from pastors' wives, we also invite potential women leaders who we think can benefit from our conferences. Our main goal is to be empowered so that through this they can empower other people who they interact with and bring transformation in the lives of many.

We address topics depending on what is happening in our churches and community around us. The forums have been educational and have brought about tremendous physical and spiritual growth. Our activities are offered in an environment where women are free to participate and also provides an open forum for sharing, asking questions, encouraging one another and sharing ideas. We also share alternative views in areas of personal and spiritual walk. Above all, we have committed to prayer knowing that there are many challenges we encounter as women, leaders and as pastors' wives.

The major challenge we encounter is lack of finance to fund our meetings. These women come from different parts of the country therefore it becomes expensive for them to travel and gather together. They need food, accommodations, teaching materials etc. We pray that God makes a way in the future so that many women besides pastors' wives are empowered and educated.

### **TRUIMPHANT GRACE ACADEMY**

TGA is among the many schools that wishes for its children and young people to be united through the power of education and to grow up to be the next leaders of their community. To see the smiles on the faces of these children brings a better feeling in life. The school is progressing on well.

Veronica Achieng, is a grade one child in TGA. She is a good, quiet and disciplined girl. She comes from a very humble background and lives with her grandmother. Her mother passed away while she was very small and she knows nothing about her father. Life has been very difficult since they don't usually have enough food. Having good clothing is merely a dream. We are therefore making an appeal to well-wishers out there to offer support so that we can help Veronica financially.

## PRAYER REQUESTS:

Continue to pray that God will protect the health of all the families in FLMK. By His grace, not one of our people have become seriously ill or die from Covid.

Pray that God will open the necessary doors within the government so we can build our new classrooms and that He will protect everyone when we begin construction.

Pray that God will lay it upon the hearts of those who desire to financially help serve through FLMK, to do so...
