IMPACTING LIVES IN KENYA

V3N10 October 2022

FULL LIFE MINISTRY KENYA – MANYATTA WORSHIP CENTRE

FLMK is among the many churches in Kenya that are being challenged to extend its mission to the needy single mothers in the society. Some women are single mothers because they are widowed or because of domestic violence. FLMK saw it good that when needy single mothers are supported, they can eventually support themselves and their children.

Nancy Adaro is a member at FLMK Manyatta Worship Centre. She is the mother of two and a widow. Her entire marriage life was a struggle. She remembers being beaten countless times by her deceased husband. There were many times she ran away from the house just to protect herself and the children. Before salvation, her life was very miserable. She sold alcohol to make a meager living. We preached to her during evangelism and are happy to report that she accepted Jesus Christ as her Savior. Presently, she is continuing with discipleship classes. FLMK members have been very supportive to her before and after widowhood. For her to be self-reliant, she needs a business that can help her educate, feed and clothe her children. We are praying that someone will find it in their heart to offer support so that we can help Nancy start a small business.

TRUIMPHANT GRACE ACADEMY – Child of the Month

Although Primary education in Kenya is compulsory, it's not as free as the government declares. There are many extra charges that are beyond the needs of the poor. The only other option for children in this area is the Muslim School that teaches the Koran. FLMK began addressing the need by opening TGA in 2015. Many children have and are being taught scholastics in an atmosphere of Christ's love and Truth.

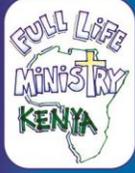

Wissam Gidali is a PP2(Kindergarten) child. He lives with his grandmother. He has a mother who had to move to the city to try to find work. Life has been very tough for her as a single mother and therefore the only option was to let Wissam stay with his grandmother. The grandmother is also very poor which has forced Wissam to be in and out of school frequently due to lack of food. We are praying that someone will help this family.

TRUIMPHANT GRACE ACADEMY – Classroom Update

The new classroom project is going on well. We have now been able to complete the roofing and will soon begin the next phase of installing the doors and window framing. We thank God and all of you who have contributed to the realization of this project. We still have a ways to go, but we know that God is faithful, always...
