## **IMPACTING LIVES IN KENYA**

V3N2 Feb 2022

### **BETHLEHEM FELLOWSHIP – FLMK MANYATTA WORSHIP CENTRE**

This is another one of our four fellowships belonging to the Manyatta Church. It is led by Getrude Kabei who is devoted to serving. The fellowship comprises of about 30 members and it has brought about tremendous growth among those who attend.

Through this local fellowship we have witnessed many prayer requests being answered and lives changing for the better.

Some people are shy to sing, give word of encouragement or even testify in a large group of people. However, through home fellowships they have been able to build their confidence and also use their talents to serve God. This fellowship has brought an enhanced clear understanding of God's word as we study in small groups. In our time together the focus on the Word and participation creates a sense of belonging within the church body.

Bethlehem fellowship has also contributed to the growth of the church through door to door evangelism. As we meet and worship God in these small groups, we create an environment of oneness, share in each other's sorrows and joy which has attracted many to Christ. The major challenge we are facing here is lack of funds to reach each member. Members come from different places which incurs a cost to reach them. We pray that God makes a way for us to reach everyone.

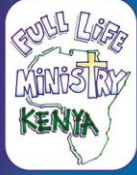

### **TRUIMPHANT GRACE ACADEMY**

TGA serves many functions beyond education. Our school has provided treatment to many sick children, helped those who are HIV positive because of one or both parents and treated those who are suffering with painful jigger infection. It provides porridge to reduce hunger pangs to many children who when they return home later in the day will have nothing to eat. It provides paid employment to the teachers who actually sacrifice to serve these precious children. Parents, guardians, the church and its teachers are very grateful for what the school and supporters are doing to ensure that everything continues on well.

Almost turning 5 years old, Wissam Gadali (pictured) is a pre-primary child at TGA. He is a very timid boy from a troubled background. At the moment he lives with his grandmother. His mother works in the city but her income is not enough to support her family back at home. Gadali's father has abandoned them and most of the time he is very stubborn and causing issues. This has affected Gadali's education because he is frequently in and out of school. The family is struggling a lot to provide food, clothing and even learning materials for this boy.

---

We are praying and making an appeal to well-wishers out there to offer help. \$25/mo. would provide Wissam his school uniform, shoes, shoes and everything else he needs attending TGA receiving not only a good education, but the love of Christ daily helping him to grow into a productive citizen of his county, Kenya.

## PRAYER REQUESTS:

Continue to pray that God will protect the health of all the families in FLMK. By His grace, not one of our people have become seriously ill or die from Covid.

Pray that God will place it upon someone's heart to support Wissam which will also help his mother and his grandmother.

Pray that God will lay it upon the hearts of those who desire to financially help serve through FLMK, to do so...
