## **IMPACTING LIVES IN KENYA**

V3N5 May 2022

### **FLMK – Mailisaba Worship Centre**

Mailisaba is among the nine present branches of FLMK. It is located in the North Rift Region in western Kenya. The church is led by Senior Pastor Shadrack Wanyonyi and his wife Mrs. Susan Wanyonyi. They birthed this work and have been devoted to the ministry there for 7+ years. The church is continues to progress both spiritually and numerically. They have worked tirelessly to

ensure that people get to know Jesus on a personal level. There are challenges being experienced. The church is still under construction needing to finish the floor with tiles and to paint the church. Being in a rural area, many members are farmers having only small plots of land. Their income is low and therefore they need assistance. We are praying for them and we also make an appeal to anyone who may desire to offer financial support to complete what they have accomplished this far. (*\$900 USD at present exchange rate*)

### **TRUMPHANT GRACE ACADEMY**

It's another academic year and we bless the Lord. Because of Covid, the Kenyan government designated April 25<sup>th</sup> through Mid-December to be the 2022 Calander School year. Then come 2023 the school year will return to its normal January – December time frame. Schools are now open and we are looking forward to experience greater things.

So far, the school is going on well with the attendance of children increasing as the school year begins. We are hopeful to see our classes fill up with children who without TGA have nowhere to attend, but the nearby Islamic school.

There are new challenges with the new curriculum system the Ministry of Education has implemented. TGA has a shortage of teaching and learning resources because of the increase in all supplies as well as school uniform cost increases. Teachers need to ensure that they focus on the key stages in term of objectives, outcomes and assessment standard. If you would desire to help with these learning materials, please do so. (*\$400 USD at present exchange rate*)

We pray that we have finished the last governmental obstacle, constructing a rain drainage system in-between our church building and the land we will construct TGA's classrooms.

We officially broke ground on Sunday, May 1<sup>st</sup> to begin building five new classrooms at the new site next to our Manyatta Worship Centre. We celebrated with our TGA Director, Pastor Omega and then used the traditional “jembe” to open the ground to construction. Then many also desired to open to ground including one of our teachers.

We still need to complete the road access which we are in the process of constructing. As soon as it is finished, we will begin bringing in the building materials and begin construction! We presently have available the funds for 4 of the 5 classrooms needed. We are praying as we begin, God will lay it upon someone or a few people to donate the funds for the 5<sup>th</sup> classroom. (*\$5,500 USD at present exchange rate*)

## PRAYER REQUESTS:

Our church in Kamwingi needs to build a house for our pastor & his family. They have been living in a Manyatta house (Temporary) and the weather has almost destroyed it.

Encouragement for our pastors who sacrifice much to pastor in Kenya...

If you wish to support or make donations please send to:
