IMPACTING LIVES IN KENYA

V3N6 June 2022

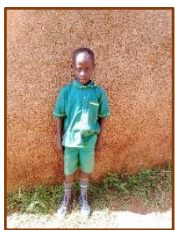

FULL LIFE MINISTRY- MANYATTA WORSHIP CENTER

God has been faithful as we labor within FLMK. Our country is opening up slowly from the restrictions of Covid 19 and businesses have begun to pick return to somewhat normal. A huge challenge now is staple foods such as corn, wheat flours and cooking oil have doubled cost. Most families were already struggling. The second challenge is Covid 19 restrictions made people to get used to staying at home and many have forgotten about worship. In as much as people now have the freedom to worship, the attendance of church services by members is still somewhat low. We being the body of Christ, raises concern since we deal with souls. We are mandated to go out and restore them back to Christ. Restoration is usually accomplished through crusades which will remind people of the importance of worship, door to door evangelism and through intentional visitation ministry. FLMK is doing some of this, but some of these avenues are limited by insufficient funds. We are praying and requesting those of you who can, to offer support for us to run with the gospel.

TRUIMPHANT GRACE ACADEMY

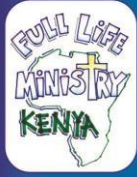

TGA teachers and staff thank those of you and your churches for the support they continue to offer. This enables our school to continue and these precious children are receiving the love of Christ as well as their academics. Many lives have been changed and hope rekindled to those who were hopeless. More children are joining the school and every day we experience different problems arising from their backgrounds. Some lack proper school attire due lack of money, some shoes and others medication.

Emmanuel Oyienga is one such boy in Grade 2 boy who comes from a very poor background. He lives with his mother and three siblings. His mother separated with his father due to domestic violence and they face difficulties every single day. His mother is a hairdresser who lives from hand to mouth and cannot afford school uniforms, shoes and learning materials for her children. We make an appeal that someone will find it in their heart to bring hope to this family.

An Update on TGA Future Construction

The roadway to bring in the construction materials has been completed and approximately half of the building materials for Phase 1 are on the ground near our construction site. PRAISE THE LORD!!! It will be 2 to 3 weeks more before all that we need has been delivered.

Phase 1 will be the leveling out of where the classrooms will stand. And then construction of the foundation that needs to be laid and cured before the walls are constructed. Especially in this phase we need good weather...no or little rain. So, please be praying with us that the weather will not hinder us.

PRAYER REQUESTS:

- We have begun to build our new classrooms for our TGA school children. Costs have risen much, so we now only have enough funds to build 3 ½ of the 5 classrooms we need. One classroom is now costing \$6,000.
- Our church in Kamwingi needs to build a house for our pastor & his family. They have been living in a Manyatta house (Temporary) and the weather has almost destroyed it. We are lacking \$2,400 again because of construction cost increases.
- Encouragement for our pastors who sacrifice much to pastor in Kenya...

If you wish to support or make a donation please send to:
