IMPACTING LIVES IN KENYA

V3N7 July 2022

FULL LIF MINISTRY KENYA

Over these past years FLMK has seen God's provision in allowing us to establish and grow. This has been through preaching the Good News of Jesus Christ and through projects that have brought about a positive impact to the community. Treatment of Jiggers* to those affected has brought about a major impact which has transformed lives. Most of the people in the congregation come from very poor backgrounds where many homes are infested with jiggers. Recently, we lost an elderly member in the church and during the burial many young men from that area came to Christ. They were willing and attend church services. However, because of being infected with jiggers in their arms and legs it was difficult. They requested FLMK to offer help if possible so that they could get treatment, helping them to be able to walk and attend church services. We are praying and making a request to those who could offer support so that FLMK have available finances to buy medicine and send a team to that area to give treatment.

**(Jiggers, a parasite that enters the skin, usually in the feet & hands moving into the arms & legs of its victims making it painful to walk or use the hands. They can also contribute to the loss of toes & fingers if left untreated)*

TRUIMPHANT GRACE ACADEMY

TGA has been trusting God for new classrooms for more than 3 years. We have had many challenges with the land and old buildings we have been using. This limited room has hindered the opportunity for expansion of our school. Than, some classes had been separated using only bamboo which was not soundproof and presented additional challenges for our teachers because of the noise distractions from the other classes.

We want to thank those of you who have made this dream a reality. This will lead to expansion and a better learning environment. We acquired a small piece of land beside FLMK and we have begun construction of the new classes. We bless the Lord for all He has provided. We continue to make an appeal for continued funding since the economic times are hard and the price of building materials has sky-rocketed. Thank you, Thank you, Thank you...

PRAYER REQUESTS:

- Pray that God will bring protection on all those who are laboring to build the new classrooms.
- _ Pray that God will move on the hearts of those who would help us with the additional risen costs of approx. \$6,500. We praise God for additional funds that came in the last 3 weeks!
- Pray as we continue to build little by little in Kamwingi the house for our pastor & his family.
- Pray for our pastors who sacrifice much to pastor in Kenya...
