IMPACTING LIVES IN KENYA

V3N8 August 2022

FULL LIFE MINISTRY – LUKUNA BRANCH

The high cost of renting buildings for church services has brought about inconveniences to many worship centers. Other additional challenges to renting buildings are adherence to sets of rules which only allow them to worship at particular times or days or restrict them from gathering on

planned days of worship because of certain functions in the rented school facility.

Our FLMK Lukuna Worship Centre has been one of such kind churches which depend on a rented building at a school facility. We praise God that we found an alternative way by leasing a piece of land through the help of people like you. It

has been a long journey, but we bless the Lord. We have already fenced the land to bring some needed security. Currently the congregation is looking for finances to add to what they have been able to raise to erect a structure to worship in.

TRUIMPHANT GRACE ACADEMY

Our TGA school staff gives all the glory to God for how far the school has come. They also thank our supporters so much for the good work they are doing to ensure that the school is running smoothly. Our school presently has five teachers who work tirelessly to make sure that they give their best.

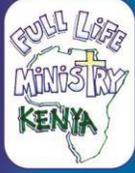

Mary Atiamuga is one of our five teachers and is very devoted in her work with our precious children. She is married and a mother of two girls. She is a solid Christian from a very humble background. She has worked with TGA for the last six years and her greatest desire is to see children succeeding in life. Construction of the new classes has brought about so much joy. There is much hope as our staff sees the new classrooms being built so that the school will experience much growth. Mary offers her gratitude to our sponsors for their support and prays that God will abundantly bless them.

Construction of our five classrooms continues now reaching the height you see here. Our world is experiencing the rise of costs in most every area. Many of the building materials in Kenya have more than doubled and we must speak the truth that our planned budget will not be enough to complete the classrooms now.

PRAYER REQUESTS:

- Continue to pray that God will bring protection on all those who are laboring to build the new classrooms.
- Pray that God will move on the hearts of those who would help us with the additional risen costs of approx. \$6,500.
- Continue to pray as we continue to build little by little in Kamwingi the house for our pastor & his family.
- Continue to pray for our pastors who sacrifice every day to serve in Kenya...
