Making An Impact for Christ

V4N1 January 2022

Miracle at Kindinye (*Continued from last month*)

Last month we spoke of Godfrey from Kindinye who had gone mad after cutting and burning down a ritual tree used for many years by the local witchdoctors. Four years later, he became a born-again Christian and was set free from the bondage of satan. He along with other believers prayed for his marriage which God eventually restored.

The new home that God gave he & his wife was constructed and the church people came to dedicate it to God. They also at that time prayed for a duka (a storefront) to be able to bring in money to sustain the family... And God answered!

Here again is their home, but now the duka has been built unto its end facing the road. The people in their village will be able to buy maize flour, sugar, cooking oil and more. God is a prayer answering God Who is faithful to those who dedicate their lives to serving the true God!

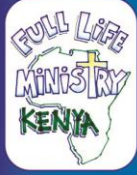

TRIUMPHANT GRACE ACADEMY

Our update, Triumphant Grace Academy construction continues its path to be completed before the January 28th deadline. The roofing has been installed and the plastering of all outside and inside walls have been completed. The tiling of the classrooms is being done now and we plan to finish the floors by the 14th of January. What is needed next is finishing the steps, veranda, handrailing and painting the inside and outside of the building. Then the installation of all the children's desks, teacher tables and all other classroom necessities.

Steadfast Devotion To Kingdom Building

Prayer Requests:

- Pray for our Pastor's wife, Purity who is recovering from sickness and much weight loss. She went down to 84 lbs. from normal weight of 105 lbs.
- \$5,800 is needed to complete our classrooms construction and prepare each classroom with a teacher desk and student table-benches. The Kenyan government is requiring that we have all construction completed and everything in place before January 28th 2023.
